

STATE OF MICHIGAN

SPECIAL TRIBUTE

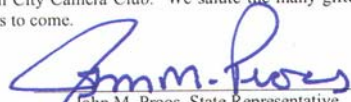

To the
TWIN CITY CAMERA CLUB

LET IT BE KNOWN, That it is with deep appreciation of the significance of this milestone that we commend the many volunteers and members of the Twin City Camera Club as they mark the 75th anniversary of the founding of this exemplary institution. We are proud to recognize the important role that this enterprise has played in contributing to both in the development and well-being of the area and the lives of countless citizens.

Since its founding in St. Joseph, The Twin City Camera Club has become a vital element in helping to encourage and develop an interest in photography. Although there have been many changes during its 75 years of existence, the Twin City camera Club has never strayed from its ultimate purpose of promoting a love of photography as a means of communication. Even as the techniques of photography have changed beginning with black and white film and box cameras then culminating with computers and digital cameras, the Twin City Camera Club has sustained itself through dedication and innovation.

In looking back over 75 years of Twin City Camera Club's history, it is clear that this name has set its course with a continuing look to the future. The Twin City Camera Club has also demonstrated the importance of looking to the future and including the ideas of its members and the role of the club in community life. We are grateful for all that the Twin City Camera Club has contributed to St. Joseph and all of Michigan.

IN SPECIAL TRIBUTE, Therefore, This document is signed and dedicated to commemorate the 75th anniversary of the Twin City Camera Club. We salute the many gifted volunteers and members on this happy occasion and wish them well in the years to come.
