SWMCCC Activities Reminder

Summer Weekend of Photography — July 27, 28, 29, 30 — Hope College, Holland, MI

Once again a great four days of “summer school” are being planned this year, with many popular carryover events as well as new venues and opportunities to learn, practice and improve your photography. The Weekend is organized with a great deal of flexibility to accommodate the needs of everyone. You can come for one day or stay for all four days in accommodations that are provided on campus. If you’ve not attended one of these weekends before I’m sure you’ll be impressed with both the offerings and the setting.

Besides SWMCCC’s *Counsellor* newsletter, check out <http://www.swmccc.org/> as this website has been recreated and contains up-to-date news on SWMCCC happenings including the spring competition and the Summer Weekend of Photography and Digital Imaging. The website is up and more information is being added weekly so check it often.

TCCC has a new Tips and Techniques page on its website.

http://www.twincitycameraclub.com/tips_techniques1.htm

It contains what we hope will be the first of many interesting and helpful articles. This one is on IMAGINATION by Jim Pittman. I think you'll find it informative, amusing and maybe just the thing to kick start YOUR imagination.
